## NEWS GATHERED FROM SOUTHSIDE

Committee Recommends Erection of \$40,000 Electric Plant for City.

NO PRINCIPAL ELECTED

Fitzgerald May Be Selected. Sensational Criminal Case May Come Before Grand Jury.

Manchester Bureau, Times-Dispatch, No. 1102 Hull Street.

At a meeting of the Electric Light Committee of the City Council last night, the committee recommended that the Council erect a plant for the city which would cost approximately \$40,000. This recommendation goes to the Board of Public Works, which will be held on Monday night. The plan, which outlines the exact plant, which can be erected at the price mentioned. His report shows everything that can be done with the plant, and it is more than probable that the Council will not favorably upon the plan.

A resolution offered by Mr. Moore, of the committee, asks that the Manchester Bureau be instructed to have the charter so amended that the corporation be empowered to furnish light to merchants and citizens. This will undoubtedly give the city a light supply at a much lower rate than now being paid to the Virginia Passenger and Power Company. The city will also save the amount that is now being paid to the company for the lighting of the streets.

Those present at the meeting last night were Messrs. M. A. Campbell, J. H. Moore, R. L. Patnam, City Engineer James A. Lippincott, and J. W. Crawford.

No Principal Elected. The City School Board met last night and transacted routine business, but the matter of electing a principal and assistant principal for the city was not voted on. The applications of several teachers, it has been stated that the board will be called upon to select a principal and assistant principal for the city.

## TEN DAYS MORE FOR PAYING TAXES

Board of Aldermen Extends Time Until July 10th Without Penalty.

JOINT MEETING FOR ELECTION

Two Police Commissioners, a Fire Commissioner and Building Inspector.

The Board of Aldermen met last night in called session to act upon a recommendation of the Finance Committee that the time for collection and payment of the first half of city taxes be extended until July 15th.

The extension contemplated, of course, leaves the tax-payer of the penalty for delinquency. The recommendation of the committee was taken up, Chairman Wood, of the Finance Committee, moved to amend by making the extension ten days instead of fifteen. The amendment was adopted, and the ordinance as amended was then adopted with little or no discussion.

A joint meeting of the two branches of the Council has been called for Tuesday night, July 9th, at 7 o'clock, for the purpose of electing two members of the Board of Health, two Police Commissioners, one Fire Commissioner and a Building Inspector.

The selections for the various places to be filled are practically agreed upon already, save as to building inspector, for which the canvass is very quiet. Dr. J. T. Oppenheimer and M. D. Hoge, the incumbents on the Board of Health, will be chosen for another term unless one or both insist upon retirement. The Police Commissioners recommended by the Monroe Ward delegation to succeed Mr. Thomas Whitely, who has resigned, are Mr. J. H. Whitty and Mr. J. H. Whitty.

For Building Inspector the campaign has been so quiet that few know how Mr. Henry P. Beck, former member of the Board of Aldermen, now Assistant City Engineer, and a capable and popular man, was first in the field, and will command strong support. Mr. Woodward, a builder, and Mr. J. H. Whitty, a contractor, are also in the field, and at least one has been making a canvass for the position, which will pay \$2,500 a year.

It is likely also that at the regular meeting of the Board of Aldermen on Tuesday night, the late Mr. J. H. Whitty will be chosen. Mr. G. J. Hooper is also in the field, and it is said that he will be recommended by the ward delegation.

ATTORNEY SAYS GET FACTS FIRST

Withholds Opinion on Alleged Sale of Street Rights by Committee.

ASKS COMMITTEE TO INQUIRE

Complaint of Mr. Whitty to Be Investigated by Market Committee.

City Attorney Pollard has written to Mayor McCarthy relative to the complaint of Mr. J. H. Whitty that the Market Committee of the Council had sold a privilege in the streets in violation of law, and stating that, in his opinion, the facts in the case should be definitely ascertained before a legal opinion thereon is rendered. Otherwise, Mr. Pollard stated yesterday, in discussing the matter, it would be merely an opinion on a moot question.

Chairman John L. Batterfield, of the committee on Markets, stated in reference to the charge made by Mr. Whitty that it was not true that the committee had sold any exclusive right or any right in perpetuity, or otherwise, to any one in the street or streets of the city. He said that the committee had received a proposition from a dealer for the lease of a stand in the market, and the matter had been referred to a sub-committee, but that no action had been taken thereon. He said that no man had any superior right or precedence over the first man to arrive had the right to choose of positions for the sale of his wares.

The letter of City Attorney Pollard, which follows, will be referred to the Committee on Markets for a report thereon.

Richmond, Va., June 27, 1907.

Hon. Carlton McCarthy, Mayor of the City of Richmond, Richmond, Va.: Dear Sir,—I am in receipt of a communication of the 24th instant, in which you inclose me a letter addressed to you by Mr. J. H. Whitty, complaining of the action of the Market Committee relating to street space in the Second Market, with the request, on your part, that I look into the legal phases of this question and let you hear from me, and in response thereto I have sent to the Committee on Markets and they directed or requested to report to you the facts in the premises. I am impressed with the propriety of having the facts definitely ascertained by the committee relative to the claims made by Mr. Whitty, in view of the fact that the clerk of the Second Market has stated to me that at least some of the claims made by Mr. Whitty are not sustained.

Understand that you would like to have the facts in the case or the action by the committee on the subject.

To undertake to give you the legal phases of the question would, I think, be impracticable until I have definitely ascertained the facts. I therefore beg to return Mr. Whitty's letter herein.

Yours very truly,

(Signed) H. R. POLLARD, City Attorney.

BLAKE IS DISMISSED.

Paid All Just Claims and Deposits \$50 More.

Fred Blake, the proprietor of the "Jamestown Employment Agency," who was tried last week on the charge of obtaining money under false pretenses, and whose case was continued for ten days in order to allow him time to write in which to pay all just claims against him, appeared in the Police Court yesterday morning. Blake stated that he had paid all just claims against him, and Justice Crutchfield asked him to deposit \$50 to pay other claims that might be presented, to which Blake assented. He was then discharged, but it was not necessary for the applicants for work to remain in Pine Beach five days before their claims were paid. Instead, they will be entitled to the return of their money after a reasonable wait.

Justice Crutchfield ordered Blake to close his branch office in this city.
